At Daiek Woodworks, a passion for excellence is revealed in every detail of our fine custom cabinetry. All of our cabinets are built the way we would want them for our own, with uncompromising quality and dedication to detail, including:

- Residential and commercial
- Kitchens: center islands, butler pantries
- Furniture: entertainment centers, bookshelves, media cabinetry, A/V cabinetry, armoires, libraries, studies
- Tables: coffee tables, dining tables, occasional tables
- Baths: vanities, bath cabinetry
- Office furnishings: desks, credenzas, filing cabinets, conference tables, reception desks
- Display cabinetry: Hotel, Institutional
- Custom veneer
- Installation

Extensive in-house equipment capabilities enable the craftsmen at Daiek Woodworks to efficiently attain a high level of precision. Our custom finishing, packing and delivery operations complete the process. We have a simple standard: produce the quality of product that you would want in your own home.

Above (top): Each of our cabinets are built on strong foundations. We recommend and use the highest quality veneer core plywood.

Above: Applying glue to the mortise for a door panel. Dowels and a secure clamping while the glue cures are the only way to ensure durable, tight joints.
